FOR IMMEDIATE RELEASE: March 16, 2011

NEW 4-WAY STOP IN CARNEYS POINT TOWNSHIP

(SALEM, NJ)—Freeholder Bruce Bobbitt, Chair of the County Public Works Committee, today announced that a new four-way stop has been constructed at the intersection of South Golfwood Avenue (CR-601) and Georgetown Road (CR-629) in Carneys Point Township and will become active on March 18, 2011.

“This new 4-way stop will enhance safety for pedestrians and motorists,” said Freeholder Bobbitt. “This is a very busy intersection.”

The message boards will remain for another week to remind motorists of the change. Boards will be relocated to the intersection of Commissions Pike (CR-581) and Woodstown-Daretown Road (CR-615).

Freeholder Bobbitt added “We leave the boards up for about two weeks so that we all can get used to the change.”

Should anyone have any questions concerns please contact the Salem County Engineers Office at (856) 935-7510 x8549.
